<b>Notes:</b>						
Full or partial Institutional (VMRF) overhead applies for all customers outside UCSD (and Local CFAR Member Institutions). This is an estimate; costs may vary depending on specific requests. For a final quote, please reach out to TV Core team.						
It is very difficult to provide pricing for every possible scenario. However, we list here approximate pricing for some common services. Assays that fall outside of this list are available. Please consult with TV Core team for further information.						
For any modifications, special requests or arrangements, low number of samples, bulk discounts, projections, please reach out to TV Core team.						
Emerging investigators or recipients of CFAR Developmental or Pilot grants are entitled to additional discounts. Please reach out to TV Core team for additional information
